Welcome Message

On behalf of the Congress Organizing Committee and the Taiwanese Menopause Society (TMS), we are delighted to welcome you to Taipei, Taiwan for the International Congress on Menopause in Taiwan, which will be jointly hosted by International Menopause Society (IMS) and TMS and will be taken place on December 4-6, 2015. As 2015 is the 20th anniversary of TMS, we are most grateful to invite you to join us for celebration of this special occasion. The theme of the Congress is Changes in Management for Change of Life in the hope to explore the changes in the environment and concepts of HRT during the past decade and to elaborate the settling down of dust for management of menopause during the recent years.

The scientific program of the Congress will include Cognitive Dysfunction in Postmenopausal Women, Target Therapy for Osteoporosis, Cancer Screening and Prevention for Midlife Women, Androgen Treatment & Lifestyle for Midlife Women, Breast Cancer, MHT for Prevention of Chronic Diseases, Cardiovascular & Metabolic Diseases in Postmenopausal Women, Sexual Dysfunction, and Vulvovaginal Atrophy and Pelvic Floor Dysfunction. Most of the IMS Board Members, international and local experts of the field will join the Congress as speakers. We are especially optimistic in believing that clinicians will gain updated knowledge on management of postmenopausal women by attending this Congress.

The city of Taipei is located in subtropical zone with comfortable climate in the month of December. Taipei is a very modern city providing easy access to almost any location by public transportation using buses orsubways. Most importantly, Taipei is a top ranked safe city, where you can walk alone safely on the street even in midnight. Taipei is famous for its hospitality. You will enjoy the shops, restaurants, the world tallest 101 building, the world famous Palace Museum and more.

Once again, with open arms and warm regards, we welcome you all to Taipei!

Ko-En Huang, MD, FACOG
