

# Announces

Developed under the  
aegis of the IMS by global  
experts in the subject

A self-learning, interactive  
course on Menopausal Health  
certified by the IMS

## ENHANCE

Physician's knowledge on  
all aspects of menopause by  
providing comprehensive  
"module-based" self-learning

## PROMOTE

Best preventive healthcare  
practices and preventive care  
focusing on health issues of  
postmenopausal women

## IMPROVE

Quality of life  
postmenopause

First-of-its-kind educational  
program encompassing all aspects  
of menopausal medicine

Spread over two Levels, consisting of 18  
modules addressing the "Basic" and  
"Advanced" aspects of menopausal care

Convenient online learning  
programme accessible from all  
corners of the globe free of cost

**Registration  
open**
